Mr. JIM TAGUE, 2424 Inwood, Apartment 253, employed as a salesman, Chuck Hutton Company, 5431 Lemmon Avenue, Dallas, Texas, advised that he was driving a car on November 22, 1963, and was stopped in traffic at the Triple Underpass located below the Texas School Book Depository (TSBD) Building. While stopped, he saw that the Presidential Motorcade was going to pass nearby, and he got out of his car and stood near the Triple Underpass between Commerce and Main Streets. He stood near the curb of Main Street waiting for the motorcade to come to where he was standing. When the motorcade was approximately 100 feet from him he heard a loud noise, and at that time he looked around as he thought someone had shot a firecracker. He then heard two more loud noises in quick succession. Other persons in the area then started scrambling around, and he realized that the noises must have been gun shots, so he got behind one of the pillars of the underpass. During the time of the shooting, he felt something hit him on his right cheek. Whatever it was that hit him broke the skin and caused about two drops of blood to flow. He thought possibly that one of the bullets had hit the curb near his feet and possibly a piece of the curbing had hit him in the cheek. He did look around the curb and near where he was standing there was a chip missing, which he stated looked fresh. He stated he did not see anyone with a rifle and did not look at the TSBD Building. He did not see the shots take effect and stated he could not furnish any information as to where the shots actually came from. He stated he is not acquainted with OSWALD and had never heard of him prior to the shooting of President KENNEDY.

He has been in JACK RUBY's club on a few occasions, but he actually knows nothing about RUBY, his associations, or his background. He does know RUBY, however, by sight, since he has seen him in his club on a few occasions. TAGUE stated he did not know of any connection or associations between OSWALD and RUBY.
